Cherry Creek Schools  
Foundation

Saturday, Nov. 12

9AM - 3PM

## A day of Science, Technology, Engineering, Art, and Math Sponsored by the Cherry Creek Schools Foundation

The 2nd Annual STEAM-a-Palooza is a celebration of Science, Technology, Engineering, Art, and Mathematics in the Cherry Creek School District and surrounding community.

This year's theme, World of Tomorrow, reflects the dynamic fields of STEAM in the 21st century.

Students and classes will have the opportunity to create projects and learning experiences showcasing modern and futuristic content and occupations. In addition to original works showcased by CCSD teachers and students, community vendors will be on hand to help us share our visions of the 'World of Tomorrow'.

- See students build and program robots to race the clock and solve missions.
- Get your hands dirty with student and teacher-led experiments.
- Learn a new skill and explore tools and technology used in Cherry Creek classrooms.
- Learn more about what it means to be in a STEAM profession.
- Step outside to see a weather balloon launched into near-space, rockets fly through the air and the Bomb Squad robot in action.

STUDENTS, STEAM-a-Palooza II: World of Tomorrow will allow you to preview classes, tracks, and programs available to you from elementary to high school, and open the door to exciting opportunities for exploration with STEAM clubs and resources in Cherry Creek School District!

EDUCATORS, STEAM-a-Palooza II: World of Tomorrow will open the door to possibilities for collaboration with teachers across the district at all levels, and introduce you to valuable community resources and partners you can leverage for an incredible impact with your students!

Community members of all ages are invited to see the importance of STEAM education in our district, the types of problems students are tackling, and what you can do to help build a better world, one student at a time. Come for a bit. Come for the day. Get your FREE tickets at [steamapalooza.com](http://steamapalooza.com)!
